

MCI WINTER PROGRAM

Online in 2020

JOIN & ENGINEER YOUR ENTREPRENEURIAL SPIRIT
FEBRUARY 01 - 19, 2021

Why participate in our Winter Program?

Established in 1995, MCI is among Austria's leading institutions of higher education. In our winter program, we offer undergraduate courses with a focus on engineering and business. Students can mix or take discipline-related courses in a blended learning format. Talk to your academic advisor to see how credits earned in our winter program can be transferred to your home university (e.g. as regular courses, as electives, or simply to fulfill a study-abroad requirement).

Application
