

# BUDDY MEET-UP

## Interaction with Swinburne Students

### About Swinburne

Swinburne University of Technology is a world-ranked university leading the way in innovation, industry engagement and social inclusion. Our education, high-quality research and industry partnerships create positive change for students, staff and the community.

At Swinburne, we understand it takes more than just qualifications to compete in today's job market. We equip our students with the knowledge and capabilities they need to establish successful careers through high-quality teaching and work-integrated learning.

### World-ranked university

Swinburne is an internationally recognised research-intensive university. In 2021, we ranked 45 in the QS rankings for the world's top universities under the age of 50. This proves the success of our focus on and investment in high-quality teaching and research. It is why we are leaders in science, technology, innovation, business and design.

What is it like to be a university student in Australia? Communicate with the Swinburne students and find out about their areas of interests, courses they study, life after school and what they do in their free time. This activity is a great way to discover the life of young people in Australia and compare with the ones in your country. **Don't be shy and let's make friends!**

In this session, international students will be joined by Swinburne students, to discuss selected topics, where they will be able to share their ideas and points of views from different cross-cultural perspectives
